The ruling of the IMCA is based on the FCI regulations. Everything what is not in the rules here, and gives any discussion, shall be first examined in the official regulations from the FCI. Final decisions will be taken by the board of the IMCA / PAWC.

REGULATIONS INTERNATIONAL MIX & BREED CHAMPIONSHIP AGILITY (IMCA)

1 General:

- In all documents and official information (prizes) the original name should to be used:
International Mix & Breed Championship Agility, abbreviated IMCA
- The IMCA will be organized together with the ParAgility World Championships, abbreviated PAWC.
- The IMCA & PAWC are organized annually.
- It is allowed to participate for all dogs, breed - with or without pedigree - and mix breed.

Eligible to enter:

All dogs over 18 months; they must be tattooed or chipped.

Bitches in heat are permitted to compete in the competitions.

Ineligible to enter:

- Pregnant bitches

- Dogs those are apparently ill or hurt

- drugged dogs

Dogs coming from or going to a region infected with rabies must have a valid inoculation certificate against rabies.

- All countries are allowed to participate (recognized International Nations), but only one team from each country.
In the individual competition one team contains:
Maximum 15 dogs of each country, maximum 7 in one category (L, M, and S)
The individual champions (same handler with the same dog) of the last IMCA will be selected automatically, so they can defend their title, and are added to the maximum limit of country. (15)
In the team competition:
Maximum 4 and minimum 3 dogs are allowed in one team in each category.
The three best results will be counted.
One team from each country can participate in all the categories (L, M, and S).

Note:

Dogs can only enter one category. It is recommended that the height of the dogs competing in 'S' and 'M' be registered in the record- / work-book or license.

- The board will after each held IMCA evaluate the regulations and adjust if necessary.

2 Organization:

- Every year the individual winners of the Total Results and Team winners will gain the title, in each category (small, medium and large).
"Champion of International Mix & Breed Championship Agility 20..."
"Champion Team of International Mix & Breed Championship Agility 20..."
- Any country who wants to organize the 'IMCA/PAWC must apply this at least 2 years in advance. Applications should be sent to the Board of the IMCA/PAWC.
- As a rule, the date of the Event has to be planned between the third weekend of August and last weekend of October. The date of the event must not coincide with the date of FCI World Championship Agility.
The Organization Team IMCA & PAWC must approve any deviation from this period.
The Event will start on Thursday and finished on Sunday
- Each application should be included with the following details:
 - Name of the country (eventually club, or other organization), including name and address of the headmaster who wants to organize the event.
 - Place where the event is planned.
 - Description and plan of the facilities.
 - Confirmation that everything will be carried out according to the specifications for the IMCA/PAWC.
- Description of the facilities and ring chosen for the event as well as the available resources must correspond the 'Specifications for IMCA/PAWC, attached to these regulations.
- The IMCA/PAWC is an event in which the top handlers of almost all countries take part. The organizing country should give this event the prestige befitting a World Championship.
- The host country will provide all the necessary equipment. (Among other things a Public Address System) It is responsible for the reception of all invited competitors and officials. To create a good atmosphere, which will contribute to the success of the event, special consideration should be given to the use of a good commentator during the event. The media (press, radio, TV etc.) should be contacted to ensure the necessary publicity in order to attract a large number of spectators and thereby promote Agility and ParAgility.
- The organization is responsible only to the Board for the practical organization and it must take the appropriate measures to make sure that the event runs smoothly.
- At least 8 months prior to the event, the organizer must invite other countries to participate.

REGULATIONS INTERNATIONAL MIX & BREED CHAMPIONSHIP AGILITY (IMCA)

- At least 8 months prior to the Event a website should be set up. This will provide all the necessary information:
 - Start and closing date for registration.
 - Registration fee - individual & team competition.

Note:

The winners (same dog and handler) in the 'individual' tests IMCA (L – M – S) and PAWC (group 1 – 7) of the previous Championship will be selected automatically so they can defend their title. These dogs will simply be added on to the number of dogs allowed for their country. Furthermore, they are relieved of the (individual) registration fee.

- Names of the judges.
- Program of the event.
- If there are any admission requirements of Veterinary Control.
- Information about the necessarily vaccinations.
- Asked to provide suitable and identical attire for their country teams.
- Maximum number of entries.
- A map with directions to the venue.
- A reminder of IMCA/PAWC regulations regarding a compulsory vaccination papers, the workbook or license, prescribed vaccinations, compulsory Civil Liability insurance and entry requirements.
- Information about hotels/ accommodations in the neighbourhood.

3 Tests:

The tests will be judged according to the FCI rules and regulations concerning the items:

- Categories (page 3 of the official publication of AGILITY REGULATIONS OF THE FCI)

Three categories exist:

S (Small): for dogs measuring less than 35 cm. at the withers

M (Medium): for dogs measuring 35 cm. or more and less than 43 cm. at the withers

L (Large): for dogs measuring 43 cm. or more at the withers

- Courses (page 3 of the official publication of AGILITY REGULATIONS OF THE FCI)
A course is built using as many types of obstacles as possible; the way they are placed determines the degree of difficulty and speed. The dog must complete the course within a predetermined time and the obstacles must be negotiated in the correct order.
- Course design
The design of the course is left entirely to the judge's imagination.

REGULATIONS INTERNATIONAL MIX & BREED CHAMPIONSHIP AGILITY (IMCA)

Before the start of a competition the judge will inspect the obstacles put at his disposal and when they meet the necessary standard, he will hand over his course design to the organizing committee who will then set up the course.

The judge will check the course and have the length measured precisely.

A well-designed course will allow the dog to go round easily and smoothly.

- Judging (page 8 of the official publication of AGILITY REGULATIONS OF THE FCI)
- Results (page 11 of the official publication of AGILITY REGULATIONS OF THE FCI) and
- Obstacles (page 5 of the official release of AGILITY REGULATIONS OF THE FCI)

Hurdles: a) Single

Long Jump: maximum: L: 120 M: 70 S: 40

- **Special agreements about the obstacles (different as FCI):**
- Maximum height of the hurdles: 60/40/30 cm

REGULATIONS INTERNATIONAL MIX & BREED CHAMPIONSHIP AGILITY (IMCA)

- Height of the wall: the organizers must endeavour the same height as the hurdles, but max. 65/45/35 cm

- They will be held in one ring, 24 x 40 m.
- Three qualified judges have to be invited, at least 1 (when possible 2) from outside the organizing country.
- Start procedure at the IMCA:
Once the judge has signaled to the handler that he is ready to start, the handler will have 15 seconds to start his dog - after which the timing will start automatically.
- The IMCA consist in:
 - a) 2 'individual' courses:
 - 1 Agility course containing all the contact equipment
An electric table and contact zones are allowable, but not obligatory.
It is a judge-job to decide with the organizers.
 - 1 Jumping course without contact equipment or the table.
Both courses will only contain the approved obstacles.

The two results added together will determine the winner, who will be Champion of International Mix & Breed Championship Agility of each category. (L, M, and S)
In case of a tie (for first place only), a run-off is held over a third course.
Maximum 15 dogs of each country, maximum 7 in one category (L, M, and S) can compete.

The individual champions (same handler with the same dog) of the last IMCA will be selected automatically and added to the maximum limit of country. (15)

- b) 2 'team' course
 - 1 Agility course containing all the contact equipment
An electric table and contact zones are allowable, but not obligatory.
It is a judge-job to decide with the organizers.
 - 1 Jumping course without contact equipment or the table.
Both courses will only contain the approved obstacles.

The two results (agility and jumping) of the best 3 dogs in each run of each team will be added together to determine the winning team. The winning team will be called Champion Team of International Mix & Breed Championship Agility (L, M, and S)
Each participating country will be allowed to enter one team, consisting of 3 or 4 dogs per category (a dog can be entered in one team only).

In all the categories (L, M, and S) one team from each country can participate.

- After each run - individual and team - the dog microchip number can be checked.
- White Dog

REGULATIONS INTERNATIONAL MIX & BREED CHAMPIONSHIP AGILITY (IMCA)

Before the judge starts the test and after determining the SCT, a 'test dog' – that does not take part in the competition – will have a test run. This will occur in each category.

The white dog will be logged in by the team leader and verified by the judge.

4 Applications:

- It is allowed to participate for all countries (recognized International Nations), only one team from each country.
Handlers should have the nationality of the country or must have their legal residence in the country for which his/her dog will compete.
It can therefore be chosen to participate for the country they live in, or the country of nationality, however always only for one country. The participant must meet the qualification requirements of the country in which one participates. Once started for the country of residence, cannot be changed again, unless it is again moved to the country of nationality.
It is up to the team leader and the organizing country to control the residential status of the handler. In case of dual nationality, he/she can choose either country without restriction: however, he/she can only compete for one country.
- **Each handler is allowed to compete with maximum 2 dogs.**
- If difficulties arise, they must be referred to the Board of the IMCA/PAWC.
- To qualify as a competitor at IMCA, the Board recommends achieving the qualification 'Excellent' or at least 'Very Good' in an official Agility 2 or Agility 3 test.
The countries himself can consider other criteria. However, always fair and free from personal antipathies.
- The competing countries will send the entry forms, properly completed and signed, to the organizing committee before the closing date.
They will, at the same time, appoint a 'team leader' or coach who shall be responsible for the team.
They immediately have to inform the organizing country in case of delay (for instance; the qualifications are still going on after the deadline)
The registration can only be accepted from a team leader from each country.
- Participation is at your own risk and responsibility. Insurance is the responsibility of the participant.

5 Ring equipment:

- 2 complete agility sets (according to the standards of FCI), consisting both of the following approved obstacles:
14 hurdles with poles (1 brush fence, 1 hurdle with full panel, 1 hurdle with gate are also allowed –diameter of the poles should be 4 to 5 cm),
